Semantic Web and Linked Data Experts

Insight's Galway Experience:

- Largest Semantic Web Institute
- Pioneers on Semantic Interoperability
- Expertise on Cloud and Big Data Analytics

Leaders in semantic web and Data Interoperability:

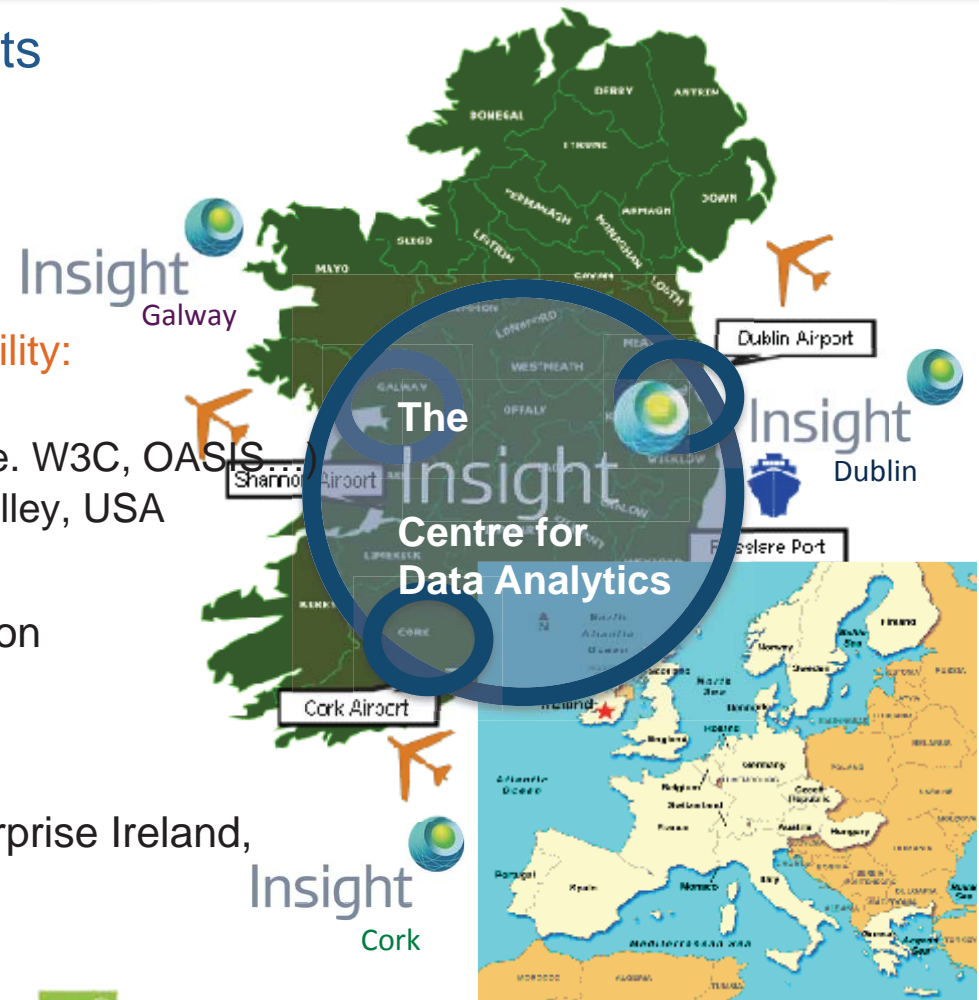

- Research Publications > 1200
- Participation in 17 standardisation groups (i.e. W3C, OASIS, etc.)
- Internet of Things Lecture in USC Silicon Valley, USA

Core Industrial Partners:

- MNC's: Fujitsu, Cisco, HP, Avaya, Ericsson
- SME's: Storm, Celtrak, OpenLink

Main Research Fund Sources:

- Science Foundation Ireland, Industry, Enterprise Ireland,
- EU FP Programs and H2020

AHA Setting the Scene

#Transformation

ACTIVAGE IoT AHA Project

@ActivageProject

Insight Centre for Data Analytics

Internet of “Healthcare” Things Transformation Facts (1)

Insight Internet of Things and
Stream Processing Unit

“The **ageing of Europe**, also known as the **greying of Europe**, is a demographic phenomenon in Europe characterized by a decrease in fertility, a decrease in mortality rate, and a higher life expectancy Among European populations. [\[1\]](#)”

Health in Europe is becoming...

- a matter of awareness in society.
- healthcare perception is a transition.
- A combination of Wellbeing and Health.

We are Living More!

European Commission (2014).

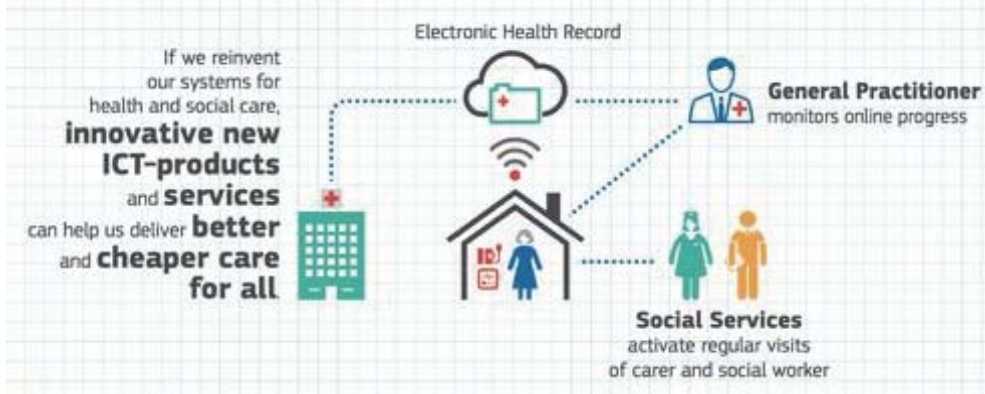

["Population Aging in Europe: Facts, Implications, and Policies."](#)

Internet of “Healthcare” Things Transformation Facts (2)

Insight Internet of Things and Stream Processing Unit

“Europe is ageing and by 2060 one in three Europeans will be over 65, while the ratio of Working people to the “inactive” (retired) is Shifting from 4 to 1 today to 2 to 1 by 2060 [2]

***We are Living More!
Let's Live Better!***

Europe's ageing population

PROJECTED OLD-AGE DEPENDENCY RATIO

Number of persons aged 65 as a percentage of number of persons aged between 15 and 64.

2) Innovation for Active and Healthy Ageing (2015). European Summit on Innovation for Active and Healthy Ageing, Brussels, 9-10 March 2015 - Final Report

ACTIVAGE VISION: TOWARDS IOT INTEROPERABLE DEPLOYMENT SITES

“The **ageing of Europe**, also known as the **greying of Europe**, is a demographic phenomenon in Europe characterized by a decrease in fertility, a decrease in mortality rate, and a higher life expectancy among European populations. ^[1]”

We got DATA and
Would like to use it for
AHA...

Yes, but your Data
does not look like
My Data

ACTIVAGE have
DMP for that!!

...and So what, I don't
want to share my Data
if not Protected

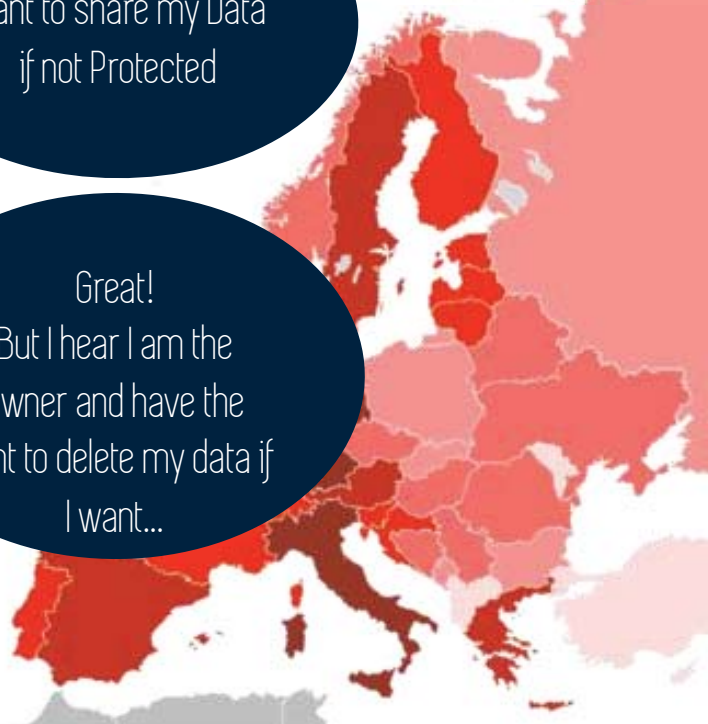

ACTIVAGE follows
Security by Design
Approach

Great!
But I hear I am the
owner and have the
right to delete my data if
I want...

ACTIVAGE is preparing
Tools and Security-
enabled suite for that,
even if we are abroad!!

Terrific!, ACTIVAGE we are
part of your Ecosystem

Human Factors that Influence Health

Insight Internet of Things and Stream Processing Unit

The World Health Organization (WHO) defined **health** in its broader sense in its 1948 constitution as "a state of complete physical, mental, and social well-being and not merely the absence of disease or infirmity."

Wheel of Wellbeing
Vision from eHealth to cHealth

Wheel of Well-being

Wellbeing is a general term for the condition(s) of an individual or group, to achieve a level of **health** according to particular conditions/situations, for example their social, economic, psychological, spiritual or medical state.

Healthcare Diagnosis
what machines can not replace...

Health Care

Health care or **healthcare** is the improvement of health via the diagnosis, treatment, and prevention of disease, illness, injury, and other physical and mental impairments in Human beings.

ACTIVAGE Project

ACTivating InnoVative IoT smart living Environments for AGEing well

“Activity is Medicine”

SILVER SOCIETY

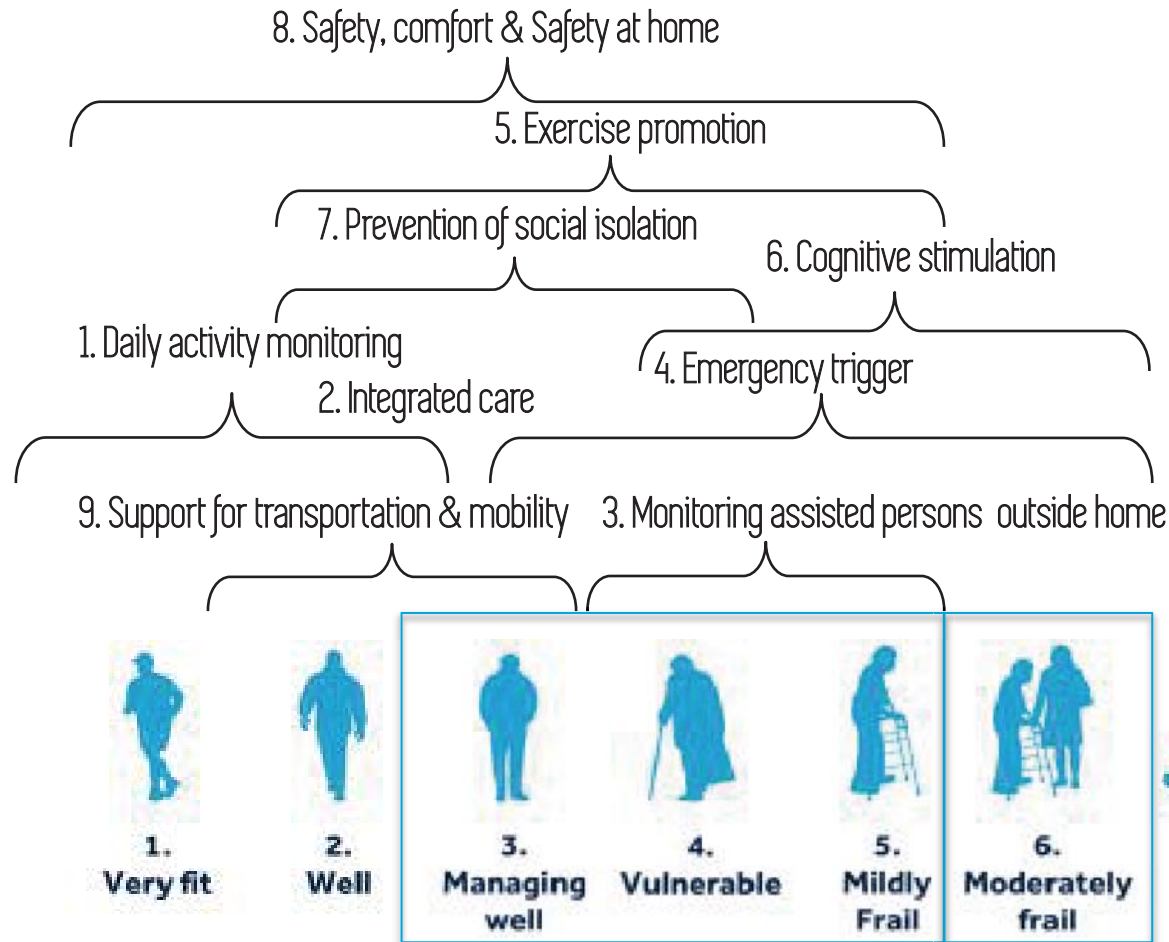

ACTIVAGE CHALLENGES

- To have a “Dynamic Knowledge Network”, based on:
 - Collaboration between Deployment Sites and AHA.
 - Fluent communication between Partners & then Stakeholders.
- To reach the main stakeholders of **Silver Society and AHA communities** and IoT domains with the appropriate messages and channels.
- To define new **business models** based on project outcomes and with real impact on **Innovating European AHA services**.

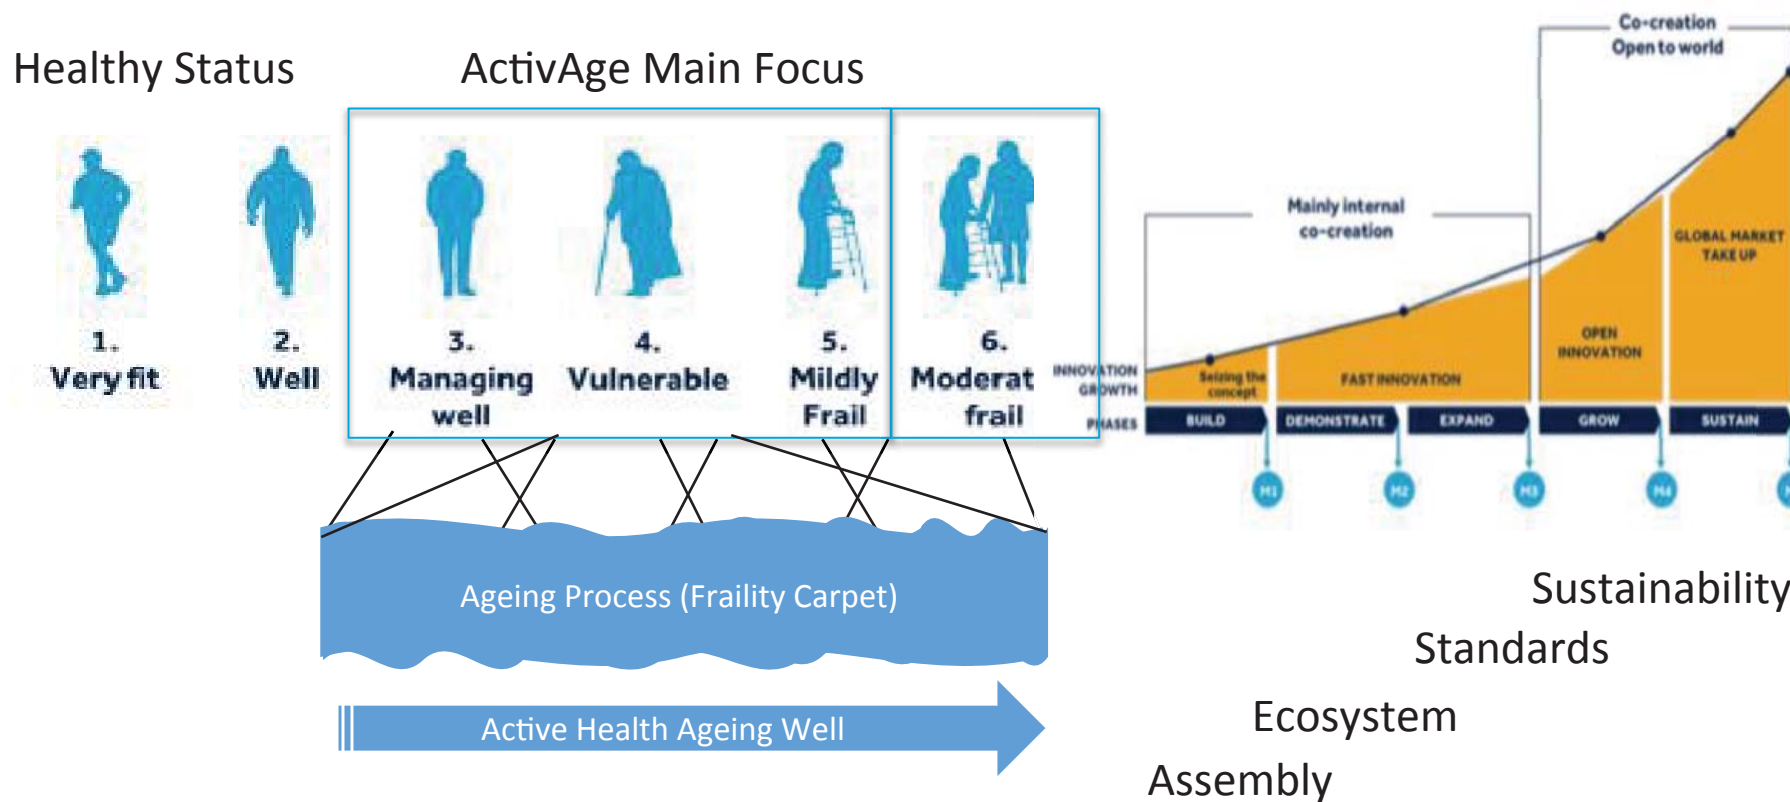

Frailty MAPPING TO USER GROUPS in ACTIVAGE

AHA Ecosystem Involvement

ACTIVAGE is focused on targeting a large audience worldwide through open calls, managing the open call for replication outside the project, as well as the sustainability for the ACTIVAGE Project

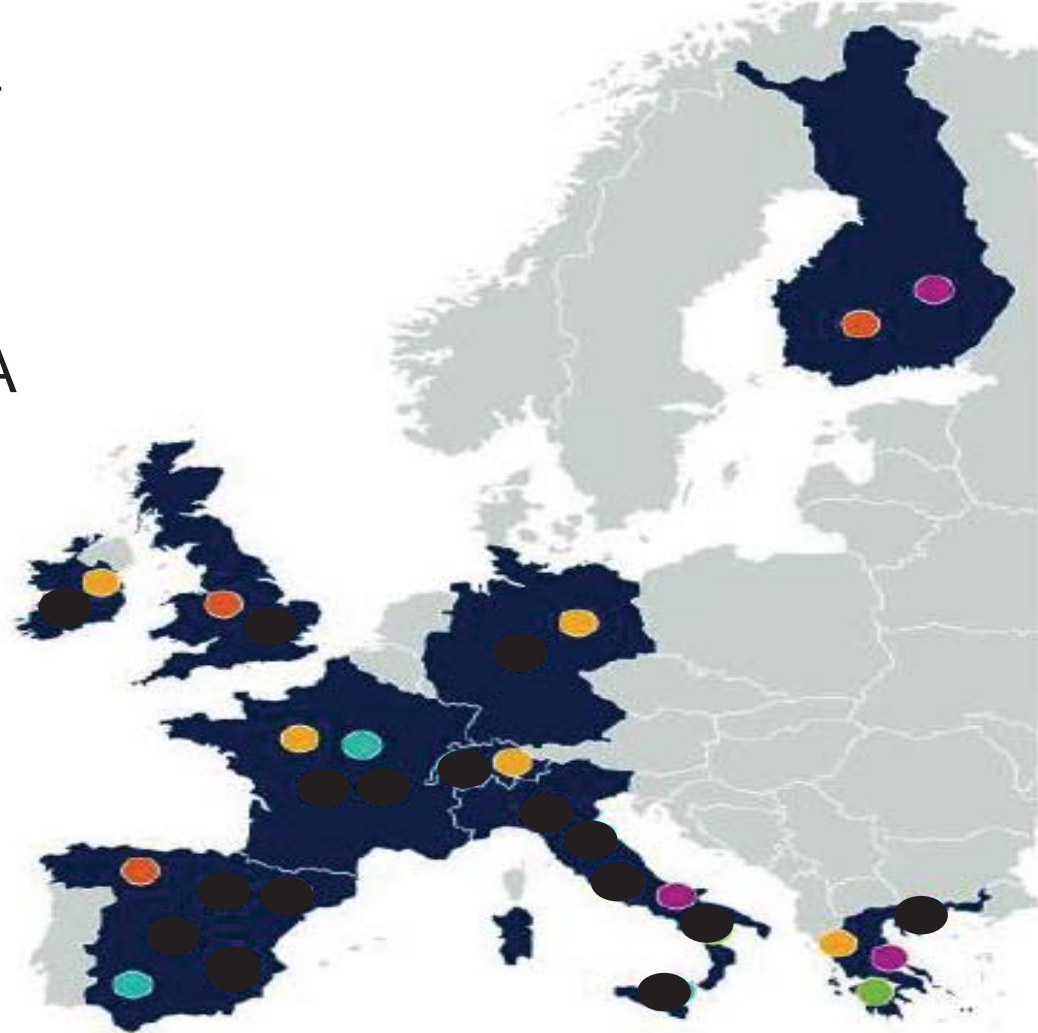

ACTIVAGE CONSORTIUM

Partners involved

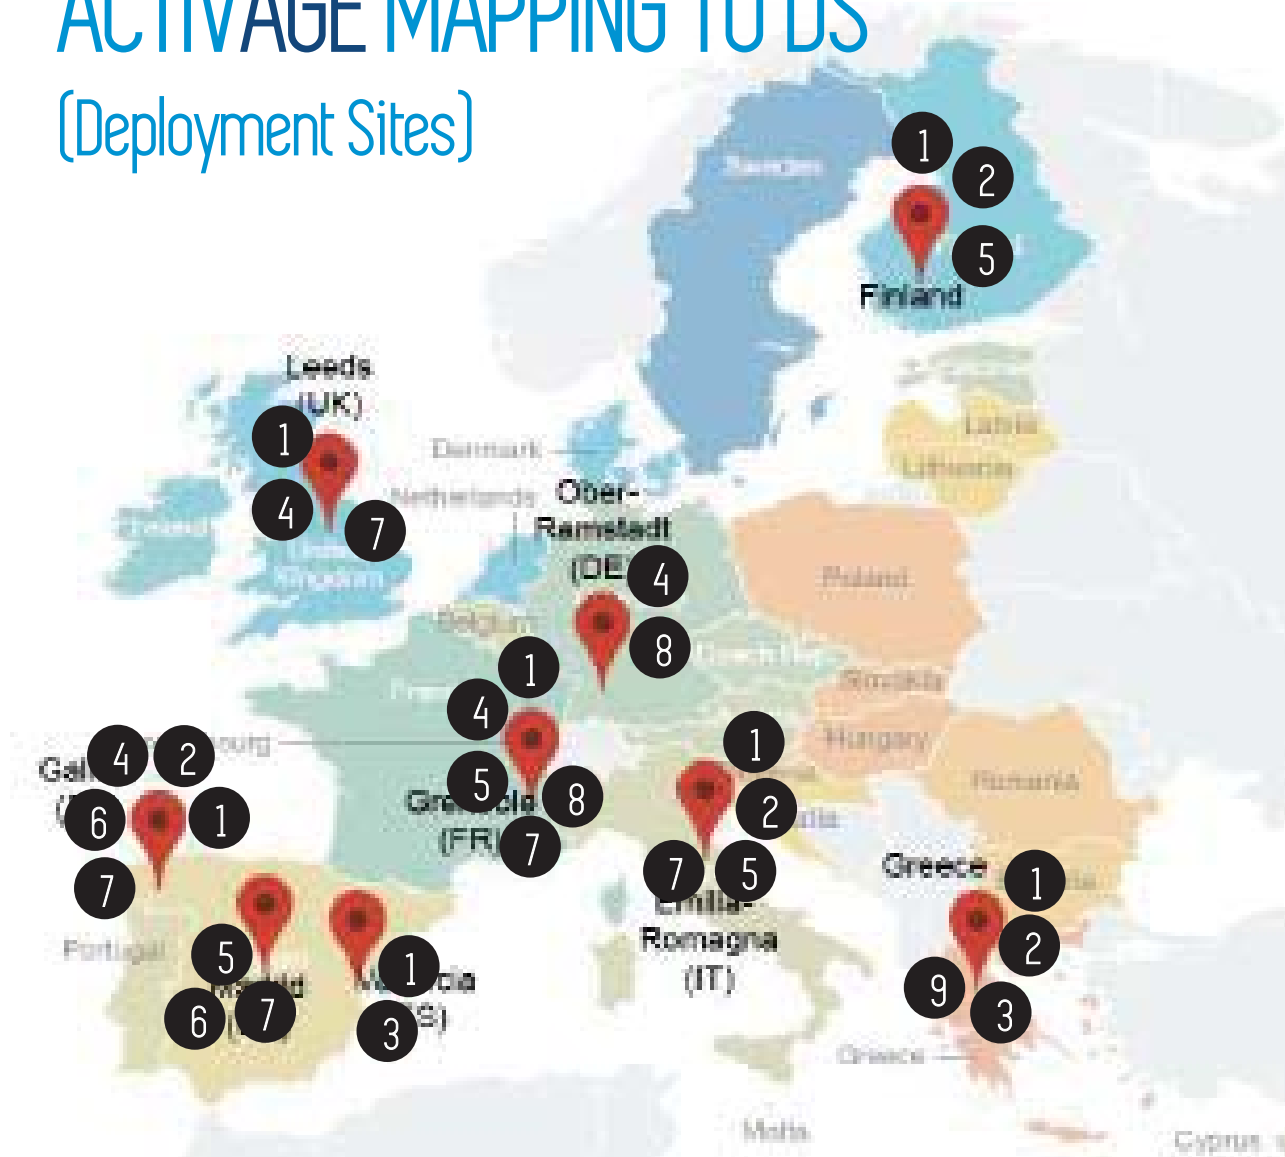

- **MDT**
- **STM**
- **TVES**
- **C2K**
- **Samsung**
- **FhG**
- **CEA**
- **CERTH**
- **TECNALIA**
- **UPM**
- **INSIGHT**
- **TSB-MS**
- **SEN**
- **HOPU**
- **MEDEA**
- **FVE**
- **CRE**
- **UPV**
- **UNIPR**
- **TUAS**

- Academia
- Industry
- SME
- Other

ACTIVAGE MAPPING TO DS

(Deployment Sites)

- 1 Daily Activity Monitoring
- 2 Integrated Care
- 3 Monitoring Assisted Persons Outside Home
- 4 Emergency Trigger
- 5 Activity Promotion
- 6 Cognitive Stimulation
- 7 Prevention of Social Isolation
- 8 Safety, Comfort & \ Safety at Home
- 9 Support for Transportation & Mobility

ACTIVAGE CONSORTIUM Project in FIGURES

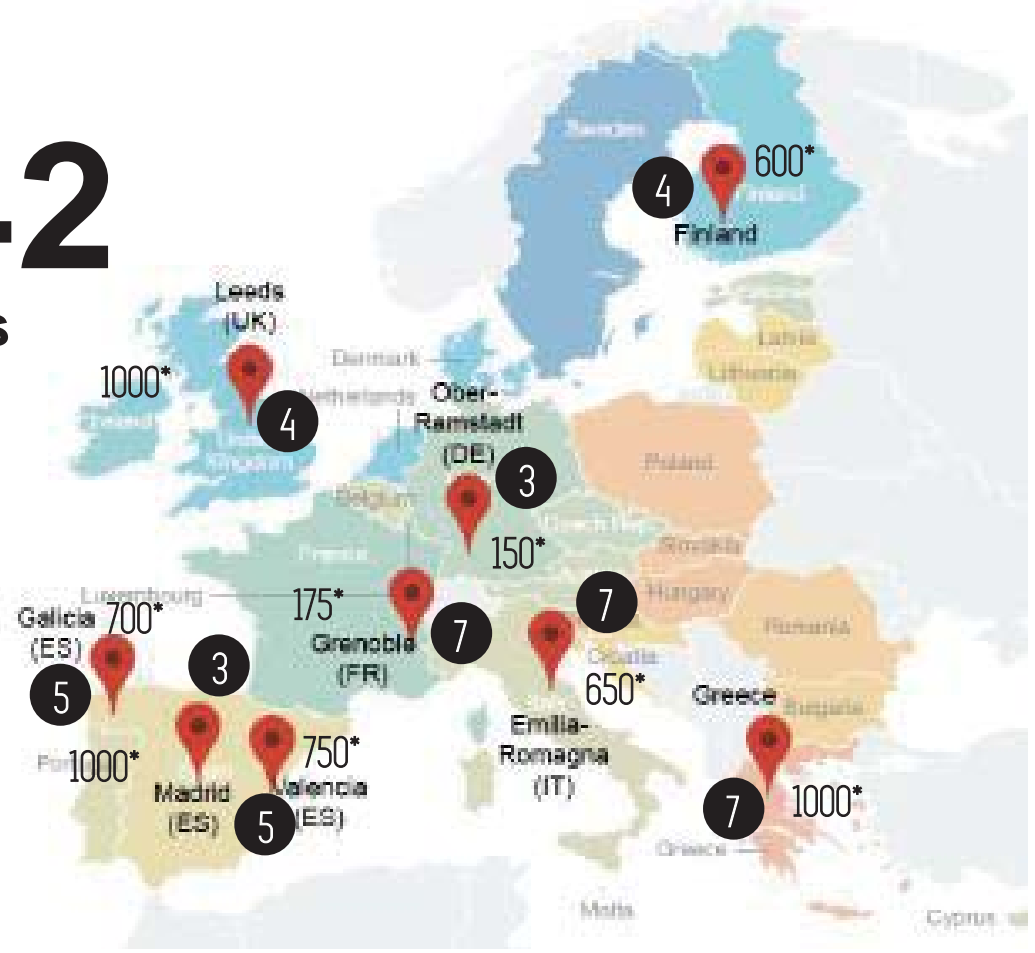

9 Deployment Sites

46 Partners **1,642** Efforts PMs

Targeting

7,200 users

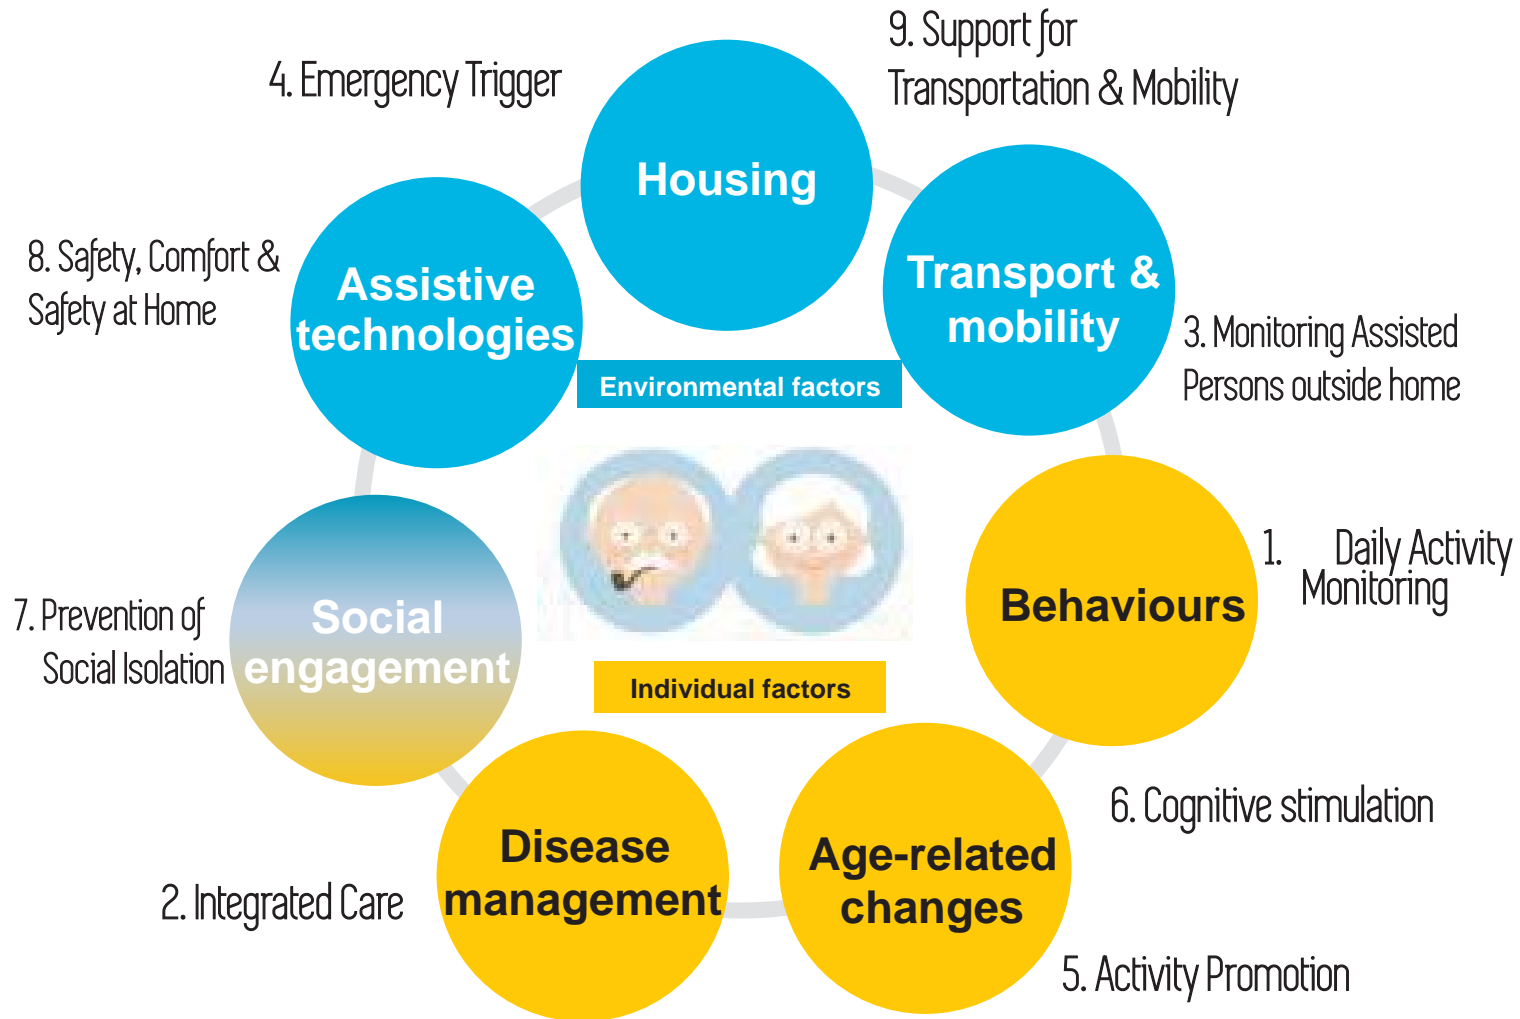

6,000 Elderly Users **1,200** Care Takers
